Re: FOIA Request No. F-00074-19
Final Response

Dear Mr. Neiss:

This is the final response to your January 10, 2019 Freedom of Information Act (FOIA) request to the United States Agency for International Development (USAID). You requested the Agency FOIA request logs for quarter 1 of FY 2019.

For your information, Congress excluded three (3) discrete categories of law enforcement and national security records from the FOIA. See 5 U.S.C. § 552(c) (2006 & Supp. IV (2010)). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all of our requesters and should not be construed as an indication that excluded records do, or do not, exist.

USAID conducted a comprehensive search of Bureau for Management, Management Services, Office of Information and Records (M/MS/IRD) for documents responsive to your request. The search produced a total of 19 pages. Of those pages, we have determined that 19 pages of the records are releasable in their entirety.

If you require any further assistance or would like to discuss any aspect of your request, you may contact Pamela Campbell, the assigned FOIA Specialist by phone on (202) 712-4476 or at parringtoncampbell@usaid.gov. You may also contact USAID's FOIA Public Liaison, Claire Ehmann, at foia@usaid.gov.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services offered:

F-00039-19	Donati, Jessica	The Wall Street Journal	<p>Request: (1) A copy of the final reports resulting from the below investigations carried out by USAID's inspector general, relating to USAID's cross-border relief programs for internally displaced Syrians in Turkey: -USAID's cross-border relief programs for internally displaced Syrians have been vulnerable to complex fraud schemes. For example, an individual with close ties to host-country officials abused his position to control and manipulate tenders to companies he was affiliated with for personal profit. These actions reduced the quality of humanitarian assistance delivered to refugee camps on the Jordan-Syria border. -In another example, a USAID implementer manipulated procurements in favor of vendors that offered bribes and kickbacks, shortchanged deliveries, and was caught substituting products in USAID-funded supply kits with items of lesser quality. -A separate incident exposed a ring of Turkish vendors who colluded with corrupt staff from four USAID implementers. (2) Any and all correspondence, memos, updates or other forms of written information passed between the OIG and USAID relating to the ongoing investigations referenced here: -USAID has taken action to improve award management, program oversight, internal processes, and fraud prevention efforts; however, we continue to receive and substantiate allegations of fraud and mismanagement and to uncover similar issues in ongoing investigations. An ongoing audit is looking at USAID's oversight of selected implementers delivering humanitarian assistance in response to the Syrian crisis.</p>	11/21/2018
